## DISASTROUS JOY RIDE FOR PARIS YOUTH

A commandeered automobile, and a reckless joy riding stunt brought disaster and serious injuries Friday night to Julian Thomas, twenty-one, son of Mr. and Mrs. Forrest Thomas, of Paris.

According to the Paris police young Thomas had announced his intention of taking a joy ride to Louisville and return. He is said to have made an attempt to take three different cars parked at different places, but his purpose was balked from the fact that the cars were securely locked. He finally obtained the car belonging to James Woodford, of Paris, which had been parked on one of the side streets, and started toward Lexington at a high rate of speed. A short distance from Paris he lost control of the steering gear, the car swerving from the road and striking a telephone pole with great force. When the car struck the pole the high tension wire of the Paris-Interurban line was short-circuited, setting the pole on fire, stopping all traffic on the line, and putting the electric lighting system of Paris out of commission.

Occupants of a car returning from Lexington placed young Thomas in their car and brought him to his home in Paris, where physicians gave him serious medical attention. He was seriously cut and bruised about the face and head. The car was completely demolished. Thomas is said to have told several persons that he thought he was getting into a car he had been in the habit of driving and that he did not know he had taken Mr. Woodford's car until after the accident happened.

## AUTOMOBILE LICENSE TAGS HAVE BEEN RECEIVED

County Clerk Pearce Paton has received a consignment of 2,300 of the 1921 automobile license tags, which are now ready for distribution at his office to owners of machines throughout the county. Preparations have been made to handle the distribution of the tags as rapidly as possible.

This is the first year that these tags have been distributed by the County Clerk's office, all applications heretofore having been forwarded to the State Automobile License Bureau at Frankfort. Under a law passed at the last session of the State Legislature the Clerk's office is now required to distribute the tags.

One feature of the new law that will prove invaluable will be that a motorist will be able to obtain a tag immediately upon application and will not be required to wait several weeks as was the case when they were distributed by the department at Frankfort.

Licenses issued in Bourbon county for passenger cars begin at 3.35 and run to 4.60; for trucks, 151 and run to 1.50; for motorcycles, 106 and run to 1.30; for dealers, 141 and run to 1.60; for chauffeurs, 151 and run to 1.50. Favorite numbers of automobiles are not available this time unless the autoist happens to live in the county to which the number is assigned and gets to the county Clerk's office at the proper time to get the number. The numbers have been assigned according to the number of pleasure cars, trucks, etc., licensed in the counties during the year 1920.

## FALSE ALARM CALLS DEPART-MENT SUNDAY.

Some fellow filled with moonshine or some other disturbing element, sent in an alarm Sunday night from Box 35, a new box recently installed near Twentieth street. The fire department responded, both auto trucks going to the scene, but found nothing to do. No one could be found in the vicinity to give information as to the party who pulled the box.

## DR. ROBERTS AND BOYS BAND HERE SUNDAY.

Only a fair-sized audience greeted Dr. Thomas B. Roberts, pastor of the Methodist church at Lexington, and the Odd Fellows Boys' Band, from the same city, when they appeared at the Y. M. C. A. Sunday afternoon, at the meeting for boys. Dr. Roberts delivered a stirring and interesting address on the subject, "Why Boys Should Join the Church." The Boys' Band, under the direction of Prof. Ellis Kidd, rendered a pleasing program of popular and classical selections.

## LAST DAY FOR INCOME TAX PAYMENT, DEC. 15.

December 15 is the last day for the payment of the fourth installment of the income and excess-profits taxes due this year. To avoid penalty, the tax must be in the office of the Collector of Internal Revenue, Louisville, Ky., or branch offices by midnight of that date.

Inquiries reaching the Commissioner of Internal Revenue indicate a belief on the part of taxpayers that they have ten days' grace on this installment. Such a provision was contained in the 1917 Revenue Act, but was removed by the Act of 1918.

Payment of the fourth installment may be made in cash or by money order or check. The Bureau of Internal Revenue urges that, whenever possible, payment be made by check or money order. This method helps the taxpayer by saving him a trip to the Collector's office and avoids congestion at the Cashier's window. Check or money order should be made payable to "Collector of Internal Revenue."

Bills will be sent to taxpayers, but failure to receive a bill does not relieve the taxpayer or his obligation to pay on time.

## DECEMBER COURT DAY

December court day yesterday was one of the duller for many months. There was only a small sized crowd in town, and business in livestock lines was practically nil. A few horses and some cattle changed hands at fair prices. Merchants report a good trade, especially in Christmas stocks, among the early shoppers who were seeking to get their choices made early. At the court house John W. Newman, of Versailles, president of the Burley Tobacco Growers' Association, addressed a crowd of tobacco growers and handlers in the interest of that organization. The principal topic of conversation among the farmers was the tobacco market and the prices likely to obtain for the weed at the opening of the local market. Trading on the stock market was dull, with but few offerings of any kind.

## TOBACCO GROWERS' MEETING

Hon. John W. Newman, of Versailles, president of the newly-organized Burley Tobacco Growers' Association, addressed a fair-sized audience, composed of Bourbon county growers and handlers, at the court house, in this city, yesterday afternoon. In his address Mr. Newman outlined the situation as it is at present, and took advantage of the time and place to urge growers to support the new organization loyally and faithfully. He suggested measures to be adopted for the betterment of the tobacco industry. Through a systematic canvass of the farmers of the county the matter had already been brought to their attention, and the audience was in a manner prepared for the fuller explanation which Mr. Newman's address afforded. A prominent tobacco grower and farmer said after the address that an attempt will be made to create a market where there is now none.

## Y. M. C. A. NOTES

Ninety-one workers were present Friday night at the Annual Budget Campaign supper given at the Y. M. C. A. President Wm. O. Hinton announced the purpose of the meeting was to organize teams to make the canvass for funds to promote Y. M. C. A. work during 1921. The campaign opened formally yesterday, following public endorsement by the ministers of Bourbon county from their pulpits on Sunday. Some of the workers began their campaign Saturday.

The budget of income for the year was announced by Secretary C. B. Harrison to be \$5,500, and the budget of expense to be \$13,690, leaving \$8,680 to be raised by subscription. This is \$400 less than asked for last year. The income from the rooms is \$3,800, part of which goes to support the regular Y. M. C. A. program.

Secretary Harrison's report for the eleven months showed an attendance of 2,045 in Bible classes and other religious meetings; an attendance of 11,257 in athletic activities; 4,000 spectators at games; an attendance of 13,898 in the boys' games and a total building attendance of 52,342. The report showed a larger program of activities being carried on than ever before. The organization of a boys' band, which had their first rehearsal December 1, was among the outstanding pieces of new work.

The workers had another meeting at the Y. M. C. A. last night at which time their first reports were submitted, showing the work accomplished Saturday and yesterday in the campaign. The campaign will probably be completed to-morrow.

## THREE REVOLUTIONS

"My feet have been soiled with the blood of slain men whose bodies have been left out for the dogs to eat. I have had dogs go out at night and bring in part of a dead child, to splash at his leisure in my yard. A man's head hanging from a pole is such a common sight of late years that it arouses little comment in the passers by." And all of this in a China of which we have been beginning to think was becoming semi-civilized country. These words are a quotation from a letter of the Rev. T. B. Grafton, who is to speak at both of the services of the Presbyterian church, Sunday, December 12, to Rev. T. S. Smylie, pastor of the church.

Mr. Grafton must carry a rabbit foot in his "left hind pocket." He has lived through three revolutions and two riots in China, and is still here to tell the tale. He should be called "General Grafton" of the Presbyterian Army of China. The army consisted of 15 Chinese boys and two missionaries. One of these missionaries was "General Grafton." The army was organized during one of the Chinese outbreaks. When the rest of the city was in a riot Mr. Grafton organized his army and sent word to the supposed authorities that he would "sit on the lid" in his end of the town. The lid was off everywhere else. Whether he kept things quiet with his "army" or not he will tell in one of his talks at the Presbyterian church Sunday.

## WILL SPEAK ON CHINA.

Rev. T. B. Grafton, a missionary of the Southern Presbyterian church to China, who has been in the service in China for the past sixteen years, will deliver an address in the Paris Presbyterian church, on next Sunday, December 12, on the subject of his work in China. His work has always been on the firing line, the farthest outpost duty of the Presbyterian missions. Last winter he was the only man missionary in the district of three counties with a population of 1,650,000 people. Dr. Grafton's three sons were born in China. Though American boys they learned to speak and write the Chinese language fluently and then later had to learn the English language, their mother tongue.

## EULOGIZES IMMIGRATION COMMISSIONER F. A. WALLIS

In a sermon on "The American Sunday," recently delivered in his Brooklyn church, Rev. Dr. Newton Dwight Hillis, spoke as follows of Frederick A. Wallis, formerly of Paris:

"The Sunday is the day for Americanizing aliens and foreigners. One of the most useful men in our country to-day is the Commissioner of Immigration at Ellis Island, Frederick A. Wallis. With unequalled devotion and patriotism he is giving himself by day and by night to these new immigrants."

"His warnings to the American people, however, contain a hint of alarm. Commissioner Wallis now has to prepare for 1,000,000 Poles and also 250,000 Polish Jews who desire to come to this country. Four and a half million Italians, chiefly men, are also anxiously seeking steamers to bring them to the United States. Italy has little coal left. She has just contracted for a million tons at \$32.50 a ton, and her factories cannot compete with the comparatively cheap coal of the United States. For this reason, in its dire extremity, the Italian Government is encouraging millions of young men to come to this country to earn money and send support back to stricken Italy. Once the barriers around Russia, Hungary and Austria are removed, the Commissioner anticipates the coming of at least 5,000,000 Slavs. What was once a trickling little stream of 1,000,000 immigrants is about to become an inundation of 10,000,000, and then 20,000,000."

## Hand Kissing Is Old Custom.

Amongst the Romans the custom of kissing hands was very common; people desiring a favor of anyone, even if he was an equal, would come near, and thus salute him before making the request, though usually equals gave each other their hands or embraced. Soldiers in the army kissed the hands of their generals to show respect; the same honor was given to the consuls and praetors.

## LOCAL BUSINESS SUMMARY.

Business in Paris was very quiet during the past week, but there seems to be no alarm about it, because conditions were such as to make it natural and inevitable. Merchants are anticipating a lively holiday trade. Bank clearings show a decrease from previous reports and of the same week last year. Lumber, coal, building and contracting were all very quiet, while clothing, feed and produce conditions were stronger, due to demand. The coal situation has been rather acute on account of a shortage in supply. One train of eighty loaded coal cars passed through Paris, Sunday morning, bound for the Cincinnati market.

The grocery business has shown more life during the past week than for some time. The Thanksgiving trade in Paris, exceeded expectation and all groceries were more than busy. Meat and lard were on the downward trend because farmers are killing their hogs. The clothing business continued good, but the week's business did not measure up to that of the previous week. Clothing prices have been declining, but it is thought by local clothiers that clothes are about as cheap now as they will be until readjustments are made in the prices of other necessities. Hay and feed had a good week, while there was a good demand for corn, with only a moderate supply to meet it. The market was stronger during the latter part of the week. Business conditions in all lines are good, and prospects for the future very reassuring.

**DRINK MORE WATER AND KEEP HEALTHY.**

Drink more water and keep well is old advice, but it cannot be improved upon, is the comment of a Boston physician, Dr. Fritz E. Talbot, who has made special investigations into the value and importance of water in the human system. "The purpose of water is to keep the body in a state of equilibrium," he maintains. The various elements for life will then be in solution to carry food from one part of the body to the other and to carry from the body waste products and abnormal elements. The human body is composed largely of water; 66 to 71 per cent of the body of a new-born infant is water and 58 to 5 per cent. of the body of an adult.

**POSTAL INCREASES RATES AND RAISES SALARIES.**

Increases of 20 per cent in rates and ten per cent in salaries to employees, effective December 1, have been announced by the Postal Telegraph and Cable Company through its secretary, William J. Deegan.

In a statement issued by the company and sent to its officers throughout the country the increases are necessary to meet operating expenses and to properly care for the employees and give better service to the public.

Under the increases the rate will be on a level with those charged by other telegraph and cable companies in the United States, Mr. Deegan said.

The increase brings the Postal Company's rates to the same level in effect before the wires were returned to private ownership when Clarence H. Mackey, president of the company was in controversy with Postmaster General Burleson over a 20 per cent increase order.

**Makes a Good Breakfast.**

A two-pound white perch is a big one, says the American Forestry Magazine, and, as a rule, they do run more than half that weight to the catch. They are easy to capture, for they largely take the right sort of bait, and few kinds make a better breakfast for the hungry woodsman.

Artis Owens, former, residing near Hutchison, Bourbon county, was placed under arrest Friday by Federal prohibition enforcement officers, charged with making whisky. A distilling outfit and a quantity of mash were destroyed and several gallons of "moonshine" confiscated. ### CHRISTMAS TRADE WON'T BE SO VERY DULL.

Christmas trade in Paris will be somewhat better than local merchants had anticipated, it is thought. Bankers say that farmers are borrowing money on their crops, which they will be unable to market until after the New Year. An economy in Christmas buying will be practiced because of the uncertain price of tobacco. Recent predictions of a good price for the better grades of tobacco give local trade here an optimistic tone. The volume of Christmas shopping this early is reported as being greater than it has ever been at such an early time, according to statements made to THE NEWS by several Paris merchants.

Although in feeble health and confined to his home, his mind is bright and he loves to talk of the old days in Paris.

James T. Davis, who died in 1905, was treasurer of Bourbon Lodge for fifty-nine years, holding that office at the time of his death. Since the institution of the lodge seventy-five years ago, it has never failed to hold a meeting and has never failed to have a quorum. During the Civil War on several occasions the members were compelled to hold their meetings without lights of any kind.

Both Geo. W. Davis and James T. Davis were devoted members of the local lodge, always at the meetings and always in the forefront of every movement tending to promote the interests of the order.

# MAY PROVE FATAL

When Will Paris People Learn the Importance Of It?

Backache is only a simple thing at first; But if you find 'tis from the kidneys; That serious kidney troubles may follow; That dropsy or Bright's disease follow; That dropsy or Bright's disease may be the fatal end— You will be glad to know the following experience.

'Tis the statement of a Paris citizen. Mrs. A. T. Alexander, 720 Vine street, says: "A few years ago I had an attack of kidney trouble and for a time I was unable to do my housework because of the severe pains across the center of my back. Many a night I couldn't get a wink of sleep on account of the misery in my back. My feet and ankles would swell so badly that I would have to wear large bedroom slippers. I had pains in the top and through the back of my head, too. As soon as I began using Doan's Kidney Pills I got relief and I am pleased to recommend them."

Price 60c, at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Alexander had. Foster-Milburn Co., Mfrs., Buffalo, N. Y. (adv.)

# NEWSBOY KING WEDS

Samuel H. Cole, who claims the title of "King of the New York Newsboys" with his bride, the former Miss Adela Victoria Robertson of London, leaving St. James church in London, after their wedding. The bride, who is said to come from a wealthy family, was married while wearing the uniform of the Waacs with whom she served during the war. Cole carried a batch of newspapers under his arm.

## APARTMENTS WITH CHILDREN

Buffalo Landlady Chases Tenants That Prefer Dogs Out of Her Building.

Buffalo, N. Y.—Found: An apartment house where children are not only tolerated, but wanted.

"I'd rather make a home for children than for a lot of fussy women with lapdogs," says Mrs. W. L. Williams, known among 75 or more children of her tenants in a local apartment hotel as "the mother of the Argyle."

Mrs. Williams took possession of the Argyle some time ago. Children were scarce in the place those days, but the lapdog was much in evidence.

"There were no children in the building when we came," says Mrs. Williams. "Just a lot of women with dogs—but we chased them out. I love children and the children like me. When they turn them away from other places, we take them in. They are no trouble at all."

## CHARLES AT DYNASTY CRADLE

Ex-Ruler of Austria Sees Ruined Chateau of Hapsburg, Switzerland.

Geneva, Switzerland.—Former Emperor Charles of Austria, nephew of the late Emperor Francis Joseph, was received in democratic fashion when he visited a few days ago the cradle of the Hapsburg dynasty, the ruined Chateau Hapsburg, in the canton of Argovie.

A Swiss farmer, who now owns the grounds of the former chateau, invited the erstwhile monarch into his kitchen and the exiled ruler and the farmer had an animated talk for nearly an hour. Charles was accompanied by two priests and two detectives.

The Hapsburg castle was constructed in the year 1020 and only the outer walls are standing today. The ancestors of Charles were expelled from Switzerland in 1336 after they had been defeated in the battle of Sem-pach.

## RAIL DEATHS AT LOW MARK

Fewer Killed in Railway Accidents in 1919 Than in Any Year Since 1898.

Washington.—Fewer persons were killed on railroads during 1919 than in any year since 1898, and fewer were injured than in any year since 1910, said a statement issued by the interstate commerce commission.

During 1919 a total of 6,978 persons were killed and 149,053 injured, compared with 6,859 killed in 1898 and 119,507 injured in 1910.

Of the killed during the year 277 were passengers and of the injured 7,456 were passengers. Employees killed during 1919 numbered 2,138, and 131,018 were injured.

Fewer trespassers on railroads were killed in 1919 than during any year of the commission's records, which go back to 1890. Last year 2,553 trespassers were killed and 2,658 injured. Railroad officials said there were less persons out of employment and fewer tramps than formerly, because of the war.

Ever Catch a Micropterus? The black bass are of two species—the small-mouth black bass and the large-mouth black bass, writes Dr. R. F. Shufeldt in the American Forestry Magazine. Both belong to the genus Micropterus, and are readily distinguished through the fact that in the small-mouthed form the angle of the gape of the mouth is back of the imaginary vertical line from the center of the pupil of the eye upon either side. So many are these fish that they are known as the "gamefish of the North," and anglers prefer to fish for them above all other kinds.

One reason why it is so easy to form habits is because we never stop to think "why" and "how" we form them.

# DISTRIBUTION OF AUTO NUMBERS BEGUN

Distribution of 1921 automobile licenses for the State of Kentucky began yesterday. In every county in the State the County Clerks have been provided with license plates and the necessary blanks, and it is to them, instead of the State Automobile Department, that automobile owners must apply for permits. The new license tags will be the same size as those of 1920, and with the same white background. But instead of the letters and numbers being in black this time they are in brown. Chauffeurs must also go to the County Clerk for their license.

The Clerk will get a commission of thirty cents a tag for issuing the licenses, but as another statute gives the Clerks five per cent. of the amount of the license for issuing them the County Clerks of the State will institute suit to determine the validity of the new law.

The assignment for Bourbon—county seat—Paris—Passenger plates, 9,401-12, 200; truck, 1,151-1, 500; motorcycles, 196-130; dealer, 14-160; chauffeur, 1,151-1, 500.

The population gain is mostly in the cities, but we believe the fresh egg, fried chicken and fall turnip gain is largely in the rural regions.

# BUY A TITAN TRACTOR NOW---ON TIME

Refund Guaranteed if Price is Lowered By May 1, 1921

You Get the Benefit of Lower Prices

While there is nothing to justify a lower price on TITAN 10-20 for the coming year, we will be glad to give you the benefit of any downward readjustment the next six months may bring. As your dealer we appreciate your continued patronage and will guard your interests. Therefore, with every TITAN 10-20 tractor purchased from us between now and May 1, 1921, we will give our written guarantee that if the International Harvester Company of America reduces its price on TITAN 10-20 tractors on or before May 1, 1921, we will refund the purchaser the amount of such reduction.

TITAN is the Biggest Value You Can Find in the Tractor Market

From the day the first TITAN 10-20 was placed on the market, it has been the leading three-plow tractor of the world. Over seventy million dollars have been invested by farmers in TITAN 10-20 tractors. No other three-plow tractor has ever approached this record. Such a record could not possibly have been achieved, nor could the TITAN have held its place at the top of the list, if the genuine merit of the tractor had not deserved it.

Farmers over the United States and the world have demanded and bought tens of thousands of TITANS and are being served faithfully by them year after year.

TITAN price is at rock-bottom for TITAN quality and value. It has always been held at low point by unbroken quantity production and factory economies. And if that price is lowered by next May we will hand you a check for the difference at once.

"Poor Whites" of Porto Rico. Not was servitude confined to Africa. Spain long used Porto Rico as a penal colony, and when public works no longer required them, the convicts were turned loose to shift for themselves. Most of them took to the mountains, where the "poor white" population is numerous to this day. ## INFLUX OF UNDESIRABLE IMMIGRANTS.

"Europe is using us as a Christmas tree. We should run our country in our own way, not the way Europe wishes us to run it. I would have you understand that I am for America first; what concerns her is always paramount in my mind and heart."

Having fought a winning fight to rid Seattle of an undesirable element, Ole Hansen, known as the fighting Mayor of that Pacific coast town has just returned from a tour of Europe, uttering strong warning for the erection of barriers against a threatened overwhelming influx of undesirable immigrants from Europe.

"They are lined up in Europe by the hundreds of thousands," he said, "waiting for an opportunity to get into the United States—hordes of undesirables who would have been here knocking at our gates months ago if there had been ships enough to carry them."

And hard on the heels of Ole Hansen's warning finger, Frederick A. Wallis, United States immigration commissioner at this port, pointed to what he described as an organized plot to smuggle undesirable Europeans into this country. He gave instances of highly organized stow-away plots, some vessels carrying as many as fifty stowaways who, protected by the crews and masking as seamen, are making determined efforts to sail past the Statue of Liberty and away from the turmoil and chaos that is Europe.

### Beliefs About Parsley.

It was said that parsley seed went nine times to the devil before coming up. If parsley were sown on any day except Good Friday, it was thought that it would not come up curly. In ancient Greece the graves were strewn with parsley. It was and is today deemed unlucky to transplant parsley. The children were told that the new baby had been found in the parsley bed.

### British Woman's Distinction.

The first woman to set foot on the top of Fuji was Lady Parkes, wife of the first British minister to Japan, Sir Harry Parkes; and she accomplished the feat in 1867, when there was not a mile of railway in Japan.

## RESULTS PROVE GREAT SURPRISE

Mrs. Hughes Says She Is Praising Tanlac To Everybody—Restored Her Health

"Although it has been several months since Tanlac restored my health and built me up so wonderfully I am still feeling fine," said Mrs. P. T. Hughes, Durmid, Va.

"For several weeks I had indigestion so bad that everything I ate soured and bloated me with gas until I could hardly breathe, and I had such terrible pains around my heart it seemed that I would go distracted. My appetite failed completely and even what little I forced down seemed to burn my stomach like a coal of fire."

"I got so weak I couldn't do my housework and would have to sit down and rest every time I moved around the least bit. I became alarmed over my condition and began trying medicine after medicine, but nothing helped me until I got Tanlac."

"It wasn't long before I could eat just like I did before I got sick, and I found I could eat anything I wanted without suffering the least bit from indigestion."

"I picked up in strength rapidly and was soon feeling so well and strong that my housework was just like play. Ever since then I have praised Tanlac and I am going to take it again if I ever need medicine."

Tanlac is sold in Paris at the People's Pharmacy. (adv)

### Proper Ambition.

It is very sad for a man to make himself servant to a thing, his manhood all taken out of him by the hydraulic pressure of excessive business. I should not like to be merely a great doctor, a great lawyer, a great minister, a great politician—I should like to be also something of a man.—Theodore Parker.

### Almost Paradise on Earth.

In the fortunate Bermudas there are no reptiles to alarm; the indigenous small lizard is not even dangerous in appearance, and the green turtle is translatable into delicious soup. Of birds and fish the islands have a splendid store; Bermudians would not starve to death even should the importation of meat from this country cease.

### On Solid Foundation.

Certain world-old principles are the basis of every form of representative government, and each succeeding era but proves the soundness of these fundamentals. The clock may strike thirteen, but this is no proof of anything other than that it is in need of repair.—Exchange.

### Needed.

To stop street cars at railroad crossings or drawbridges, should a motorman ignore a signal, an inventor has designed a spring bumper to be raised level with their front sills.

## FATE OF CAMP TAYLOR IS UNCERTAIN.

Training center for many thousands of American soldiers who took part in the world war, Camp Zachary Taylor, the immense cantonment on the outskirts of Louisville, is no longer the home of United States soldiers. It is soon to be dismantled and put on the auctioneer's block by the war department. Since the famous First Division evacuated it last October, the \$15,000,000 camp has lost its military appearance of war days. Its flags have been pulled down, doors of its many barracks locked and barred, and it, seemingly, has joined the spirit of peace. Only a few solitary sentinels now guard the many acres of land dotted by buildings. What will be the fate of the cantonment is yet uncertain. There has, however, been some talk of its being purchased by Louisville business men and turned into an industrial city.

### Sensible Mr. Dubwaite.

"Did you ever come in unexpectedly and find your office boy reclining in your easy chair, with his feet propped up on your desk?" "Oh, yes," replied Mr. Dubwaite. "And what did you do?" "I registered a mental vow that I would quit setting him a bad example."—Birmingham Age-Herald.

### Hard "Situation."

A dusky chauffeur who recently brought the frame of a big truck from Detroit to Youngstown rode part of the way sitting on the gas tank, but the seat was so hard he soon became tired of it. "Ah don't see how you could stan' it, Henry," a friend observed. "Stan' it," Henry replied. "Mah goodness, dat's jes what Ah couldn't do nothin' else but."

## FIX STOMACH RIGHT UP

"Pape's Diapepsin" at once ends Indigestion, Gases, Sourness, Acidity

You don't want a slow remedy when your stomach is bad—or an uncertain one—or a harmful one—your stomach is too valuable; you mustn't injure it with drastic drugs.

When your meals don't fit and you feel uncomfortable, when you belch gases, acids or raise sour, undigested food. When you feel lumps of indigestion, pain, heartburn or head ache, from acidity, just eat a tablet of Pape's Diapepsin and the stomach distress is gone.

Millions of people know the magic of Pape's Diapepsin as an antacid. They know that indigestion and disordered stomach are so needless. The relief comes quickly, no disappointment, and the cost so little, too. (adv)

### Taking Nothing Along.

The womanly woman's idea of traveling light, as we have learned from actual observation, is to crowd everything else into a steamer trunk and then carry all her hats in separate boxes.—Grand Rapids Press.

The Earliest Machine. The earliest known machine, which existed in Egypt centuries before the Christian era, was a contrivance to drill out stone vessels. It consisted of a vertical shaft with a crank at the top, forked at the base to receive a cutting edge sharp stone.

## The Telephone—An Individual Service

The current for your electric light comes from the same wires that serve many others besides you; water or gas can be furnished you from the same mains that also supply many other customers—

But the telephone, with few exceptions, is an individual service—

The telephone company must furnish and maintain a separate circuit all the way from the telephone exchange to the interior of your home or place of business; must furnish and maintain your telephone instrument and wiring; must maintain a special, separate investment for you alone!

Remember that, Mr. Subscriber, when you consider the cost of installing and maintaining your telephone—and the rate that must be charged you to make that individual service possible.

## WILL WE HAVE A NEW PASSENGER STATION?

Echo answers: "Will we?" Paris may have a new L. & N. passenger station, in the future, or at least a remodeled one, if the efforts of Mayor E. B. January and others who have been pressing the matter lately come to a head. Mayor January was in Frankfort last week, where he appeared before the State Railroad Commission in regard to the petition of the citizens of Paris for a new passenger station. He urged the Commission to take some definite action in the matter.

R. L. Northcutt, attorney for the Louisville & Nashville, was present, and said he would place the matter before the railroad company in as favorable a light as possible, and the L. & N. people would at least put the old station in better shape, a consummation devoutly wished for. For a growing town like Paris and a railroad center, also, the present station is utterly inadequate and not up to the needs of the community.

## DEATHS.

## HANNA.

—Miss Mary E. Hanna, wife of J. D. Hanna, of Lexington, well-known to the people of Paris as an expert piano-tuner and repairer, died recently at the home of her daughter, Mrs. J. T. Bates, in Portsmouth, O. She was a native of Maysville, where she was born 69 years ago. She is survived by one daughter, Mrs. J. T. Bates, of Portsmouth, O. The body was taken to Ironton, Ohio, where the funeral took place.

## KING.

—Mrs. Sarah F. King, widow of B. C. King, died at the Eastern Kentucky Hospital, in Lexington, Friday, after a long illness. Mrs. King resided at the old homestead near Wades Mills. She was about seventy years old. She is survived by three daughters, Misses Alice and Nellie King, of North Middletown, and Mrs. Alice Treadway, of Lexington, and three sons, Henry King, of Clay City, Will King, of Clark county, and Allen King, of Bourbon county. The body was brought to Winchester, where the funeral and interment took place in the Winchester Cemetery, Sunday morning, with services conducted at the grave by Rev. M. P. Lowry.

## TAYLOR.

—Mrs. Laura Gorham Taylor, aged about seventy years, a former resident of Paris, died last week at the home of her niece, Mrs. Georgia Gorham Whitehouse, in Louisville, following a protracted illness due to the infirmities of age.

Mrs. Taylor resided in Paris the greater part of her life. She was the widow of Capt. James M. Taylor, for years a well-known conductor on the Louisville & Nashville, and afterward Constable of the Paris precinct. She is survived by her niece, Mrs. Whitehouse, of Lexington, and one nephew, Thornton Gorham, of Pennsylvania.

The body was brought from Louisville, to the home of her niece, in Lexington, and later brought to Paris. The interment took place in the Paris Cemetery, Sunday afternoon at 3:30 o'clock. Services were held in Lexington by Rev. Mark Collins, and a short service was held at the grave in the Paris Cemetery.

## TOBIN.

—Following a long illness due to a complication of diseases, Mrs. Julia Tobin, aged fifty-five, died at her home near Spears Mill, in this county, at an early hour Sunday morning. Although she had been ill for a long time she had been confined to her bed but a short time.

Mrs. Tobin was the wife of Thos. Tobin, Sr., a farmer of that vicinity. Besides her husband she is survived by three daughters, Mrs. Maude Doyle, Mrs. Charles Doyle, and Mrs. Everette Holbrook, all of Paris, two sons, Claude and William Tobin, of the county, and one sister, Mrs. Carrie Jones, also of the county.

The funeral will be held at the Church of the Annunciation, in this city, at nine o'clock this (Tuesday) morning, with services conducted by Rev. Father Thos. Coleman. The burial will follow in the Catholic Cemetery.

The pall-bearers will be: Tilford Burnett, J. W. Payne, George McWilliams, Jas. R. Dempsey, James Bradley and Dan Jordan.

## WEBB.

—The funeral of Colonel Webb, aged twenty-five, who died Saturday morning after a long illness of tuberculosis, was held at two o'clock Sunday afternoon from the residence of his father, James Webb, on Second street. The burial took place in the Paris Cemetery, where services were conducted at the grave by Rev. Arthur Fox, pastor of the Paris Baptist church.

Young Webb had been ill about a year from pulmonary tuberculosis and bore his sufferings with a fortitude born of resignation. His mother died about a week ago from the same disease. A year ago his brother, James Webb, was killed by being electrocuted while he was repairing a wire of the Cumberland Telephone Co. Besides his father he is survived by one brother, Asa Webb, of Paris, and two sisters, Mrs. Elizabeth Scott, of Paris, and Mrs. Mattie Sammons, of Bloomington, Illinois.

The sympathy of the entire community goes out to the stricken father and brother, who have in so short a time been bereft of mother and brother.

## LOWRY.

—Felix Lowry, aged seventy-four, for many years one of the prominent farmers of Bourbon county, was found dead sitting in a chair at the home of his daughter, Mrs. Kate Wilson, on Mt. Airy, in this city, Saturday morning. Mr. Lowry had been ill for some time, but it was not thought he was in any immediate danger. His death came as a shock to his family and friends.

Mr. Lowry was a son of the late Dr. and Mrs. George Lowry, of Virginia. When a young man he came to Bourbon county, where he engaged in farming. He followed this until a few years ago, when he went West, locating in Oklahoma. On account of failing health he returned to Paris, and had been making his home with his daughter, Mrs. Wilson, on Mt. Airy avenue. He is survived by two daughters, Mrs. Kate Wilson, of Paris, and Miss Lucy Lowry, of Cincinnati.

The funeral was held Sunday afternoon at three o'clock, with services conducted at the grave in the Paris Cemetery by Rev. Theodore S. Shaylor, pastor of the Paris Presbyterian church. The pall-bearers were Geo. R. Bell, Walker Buckner, Willis Goodman, Dr. J. A. Wilson, Wm. T. Buckner and James M. Russell.

We notice quite a reduction in all food products, but can't see any change in the prices on the bill of fare among the restaurants and hotels.

## MATRIMONIAL.

—A marriage license was issued Saturday from the office of County Clerk Pearce Paton to Jesse G. Fuller, and Miss Nettie Lee Curtis, both of Paris.

## BUTTON—SHANKLAND

—The marriage of Miss Phoebe E. Button and Mr. Morris D. Shankland, both of Lexington, was solemnized Sunday morning at seven o'clock, at the home of Mr. and Mrs. Charles W. Heck, on High street, in this city.

Rev. W. E. Ellis, pastor of the Paris Christian church was the officiating minister, and the wedding was a very quiet affair. After the ceremony Mr. and Mrs. Shankland left for a honeymoon trip to Cincinnati and other places. They will make their home at 423 Johnson avenue, in Lexington.

The charming bride wore her traveling dress of dark blue, with brown furs, brown hat, gloves and shoes to match. She is the daughter of Prof. and Mrs. F. C. Button, of Rose Lane, and was a student at Hamilton College. Mr. Shankland is a popular member of the Lexington Herald composing room force, and is well-known to many Paris people.

Both are popular and attractive young people, who have the good wishes of all for a long life of happiness and prosperity.

## BOURBON MEN ATTEND INTERNATIONAL STOCK SALES

While in Chicago last week attending the International Livestock Shows, Henry S. Caywood, Robert McCray, James M. Caldwell and William Collins, Bourbon county stockmen, attended the sales held in connection with the show.

At one day's sales sixty-eight carloads of fine show cattle were sold for an average slightly in excess of \$18 per hundred pounds. The top price of the sales was realized when the grand champion steer, raised at the University of Purdue, was sold for \$175 per pound. One carload of grand champion cattle was sold to the Congress Hotel, of Chicago, for \$50 per hundred pounds. One Bourbon county man had a carload of fine cattle at the show, for which he was offered eleven cents per pound. He refused the offer and had the cattle shipped back home.

## "NOTHING BUT THE BEST"—THAT'S OUR MOTTO.

We buy nothing but the best for our trade. Paris people won't have anything else, at least they don't want it. That's why our store is always crowded. It will be more so during the holidays. If you want to be pleased with your Christmas goods and have something exceptionally good let us fill your order.

## COURT INSPECTS ROADS

Members of the Bourbon Fiscal Court, accompanied by County Judge George Batterton, County Attorney D. D. Cline and County Road Engineer Ben F. Bedford, made a trip over the roads of Bourbon county. The greater part of the county turnpike system has been resurfaced during the past year. The work met with the approval of the Court.

## TO CHRISTMAS SHOPPERS

Our columns will contain advertisements of the live merchants wanting your trade, and we want to impress on you the importance of making your Christmas purchases early. You will not only help the merchant, but you will secure choice of the articles you want.

Do not delay, but visit the store of your choice, and we know that will be the one who solicits your patronage through THE NEWS. Patronize home merchants, and especially those who spend their money to let you know what they have to offer.

"TRADE AT HOME!"

The price of success is within your reach—I care not who you are or where you come from—if you will pay the price; "Work."

## GIVE YOUR HOME BAKERS A SQUARE DEAL

Do you know Mr. Citizen, that—

2,016 loaves of foreign made bread were used last week in Paris, while only 2,350 loaves of Paris bread are used here each week?

Just think of it! Are you being fair to your home bakers? And do you know, Mr. Citizen, that—

Your home bakeries give employment to home people?

Your home bakeries pay an annual license fee to operate here?

Your home bakeries pay taxes to the city government?

Your home bakeries keep their money in home banks?

And do you know that if it was not for the business these bakeries do outside of Paris they could not stay in business here?

ARE YOU FAIR TO YOUR OWN TOWN?

If better bread could be made the Paris bakeries would make it. When you order bread, DEMAND PARIS BREAD. If your grocer don't handle it, demand that he does handle it.

"TRADE AT HOME" AND BUY PARIS-MADE BREAD.

## How to Save Money On Shoes

Millions of dollars are wasted every year on inferior shoes. The shoe looks good at the time you buy it, but it quickly loses shape. It does not wear well—sometimes not even worth re-soling.

There is only one way to save this waste: Buy reliable, reputable, reputable shoes.

We Strongly Recommend

## Crossett Shoes

We know there are no shoes similar priced which are made of better materials. There are no shoes which give more service per dollar. Crossett shoes are not only good looking when you buy them—they keep on looking good. To the last day's service their appearance is that of a high grade, well made shoe.

Let us show you the new models.
